Utah State Tax Commission

NEW LEGISLATION AND OTHER ISSUES FOR 2007

Senate Bill 186 requires that **new** motor vehicle dealers applying for an off site or additional place of business license provide MVED with a copy of the manufacturer franchise agreement each time they apply for a license. MVED will be verifying that the location will not violate any geographic specifications of the dealers assigned area. The license will not be processed without the copy of the franchise agreement.

Senate Bill 138 took some sections out of rules and put them into statute for enforcement purposes. The legislature has determined that agencies cannot make administrative rules with criminal sanctions.

House Bill 96 provides that once a person has committed the offense of acting as a dealer without a license, each additional motor vehicle the person sells, displays for sale, offers for sale or exchange or leases in a 12-month period is a separate violation.

Senate Bill 106 passed this year allowing Motor Vehicle Enforcement Division to adjust the fees on pads of temporary permits in order to raise money to fund on-going operations and to fund salary and benefit increases. We have not set the new fees as of yet. **We will notify the dealers of the price increase and effective date at a later time.**

The Motor Vehicle Division is increasing registration fees on ATV, Motorcycle, Passenger/Light Truck Vehicles, Snowmobile and Watercraft Registrations. The fee increase is .75 cents and goes into affect on 4/1/07. This increases the fees due to clear void, rollback, and non resident temporary permits with Motor Vehicle Enforcement. If you are a dealer there is a chart enclosed listing the new fees. Please note the extra \$1.00 fee on expired permits no longer applies. Please be sure not to issue Motor Vehicle Enforcement Division permits to watercraft. Contact the DMV at

801-297-7780 or 1-800-368-8824 to find out how to obtain watercraft permits. Issuing Motor Vehicle Enforcement Division permits to watercraft could result in fines and penalties for each permit issued. **Do not make this costly mistake by issuing the wrong permit to watercraft!**

UPCOMING HOLIDAYS

State offices will be closed on:
Monday, May 28, 2007
Wednesday, July 4, 2007
Tuesday, July 24, 2007

NON RESIDENT AFFIDAVITS

The non resident affidavit changed as of 7/1/06. The new form is TC-721A. The non resident form does not need to be sent in with the temporary permit stub.

2007-2008 RENEWAL CHANGES

Attached to this newsletter is your 2007-2008 Renewal information. We are no longer mailing out the large renewal packets. We are providing you with the log on information to renew online. By renewing online you do not need the owners or salespeople to sign the applications. This could save a large dealership hours worth of work! You can renew your license anytime on or after April 1, 2007. You can pay online by credit card or mail in a check. We will mail out your licenses and decals once we receive the confirmation page and if applicable, proof of current insurance for your plates. Remember that if you selected mail in check you must send your payment with the confirmation page. **PLEASE PLAN AHEAD AND ALLOW TIME FOR YOUR NEW LICENSES TO BE MAILED TO YOU.**

If your dealership does not have internet access you can contact MVED at 801-297-2600 and we will mail you out a renewal packet. We will keep a list of all businesses that would like a mail packet so you won't have to call yearly. For those of you that don't renew

online and choose to bring in your renewal our walk in hours are changing this year to be **9 AM – Noon and 1 PM – 4 PM** starting on **Wednesday, June 20th until Tuesday, July 3rd**. We are not open on Saturday or Sunday. You can also still renew by mail. Please remember that if you are a new or used motor vehicle dealer, someone with the dealership must take the 3 hour refresher course in order to renew. This training can be taken anytime after March 15, 2007. The training course information may take up to **48 hours** to be updated onto our system so please plan to take your training early! If it has been over 48 hours since you took your training and your training date is not updated on our website you must contact your trainer, not MVED. The training course is offered online at: www.mved.org or contact the trainers listed below: Sonja Jorgensen 801-347-5405 or via email at jorgmotors@yahoo.com or Independent Dealer Solutions 801-566-3802 or 1-800-324-7009 or their website at <http://www.idsinfo.com/main.asp> or Real Value Insurance 801-298-3811 or 1-877-450-9100 or via email at teri_realvalueinsur@hotmail.com

Salespeople Licenses

Transfer and Renewal

If your business has renewed for the 2007-08 year and you have a salesperson transferring to your business they can transfer **and** renew their salesperson license on the same application. The fee to do both is \$31.00. They must complete a TC-303 and it must be signed and notarized.

Transfer Only

If your business has not renewed for the 2007-08 year the salesperson must complete a TC-303 and pay the transfer fee of \$5.00. Then simply renew the salesperson license when you renew your business license online. The renewal data is live so as soon as the person transfers you will see them listed under your business. NOTE: If the salesperson license was renewed by their prior employer they will show up online in RED and the radio button will default to "NO CHANGE". You do not need to pay to renew their license again.

New License applied for prior to July 1, 2007

If you have a new salesperson they must complete a TC-303, TC-465, submit a photo, fingerprints and \$46.00. Their license will expire on June 30, 2007. The licenses are not prorated.

New License and Renewal

If your business has already renewed for the 2007-08 year they can apply for a new salesperson license and mark the application as both new and renewal and pay \$46.00 for the new license and \$31.00 to renew. Their license would then be valid until June 30, 2008.

If your business has not renewed for the 2007-08 year you can renew the salesperson license when you renew your business online. Since the renewal data is live you will be able to see that salesperson as soon as we have issued their license.

If you choose to not renew your business online there are different steps you must take. Contact MVED at 801-297-2600 for information.

Please ensure that all of your salespeople have valid licenses before they offer for sale or sale vehicles for your business. The dealer is responsible to ensure that each salesperson has a valid salesperson license. The dealer can be charged criminally and/or fined administratively for assisting an unlicensed salesperson.
